Title Launch of the fourth stage of the Lahekalda residential project (Tallinn, Estonia)

AS Merko Ehitus Eesti, part of AS Merko Ehitus group, has started the construction of the fourth stage of the Lahekalda residential development project in Tallinn, on the Maarjamäe limestone bank. Two residential buildings with 98 apartments in total will be completed at the end of 2022.

The two 8-storey residential buildings located at Paekalda 23/1 and Paekalda 23/2 will have the energy class rating A and the size of the apartments will range between 43-91, price per square metre starting from 2,650 euros.

The Lahekalda residential district ([merko.ee/lahekalda](http://merko.ee/lahekalda)) (<https://merko.ee/lahekalda/en/>) is located in Tallinn on the Maarjamäe limestone bank, on the naturally beautiful ridge in between Pirita and Kadriorg. The development project comprises in total of approximately twenty-five new residential buildings with more than a thousand apartments, which will be built in the next ten years. There are landscaped recreation and play areas in the courtyards of the buildings. In addition, a kindergarten and a convenience store are planned in the area.

The first three buildings of the Lahekalda residential district are completed. The next buildings at Paekalda St. 12 and 16 will be completed in the end of 2021 and the building at Paekalda St. 14 will be completed in the spring of 2022.

AS Merko Ehitus Eesti ([merko.ee](http://www.merko.ee)) (<http://www.merko.ee/en>) is an Estonian leading construction company which offers construction services in general construction, civil engineering, electrical and residential construction and develops residential real estate. To ensure the best quality and convenience for home buyers Merko manages all phases of the development: planning, design,

construction, sales and service during the warranty period.
