

**STATISTICS FOR NOVEMBER 2008 AND I QUARTER OF 2008/2009 FINANCIAL YEAR**

In November 2008 AS Tallink Grupp transported 574 999 passengers which is more than 19% increase compared to November 2007. Passenger volumes and market shares increased in all of our main routes.

While the passenger cars transportation continued to increase in November 2008 the slowing economies are causing the adverse impact to the cargo units' development.

AS Tallink Grupp's passenger, cargo unit and passenger car numbers for November 2008 were the following:

The following operational factors influenced the development.

FINLAND-SWEDEN

M/S Sea Wind schedule was changed so that the vessel will not stop in the Aland Islands any more. As a result the vessel is now carrying only cargo units compared to passenger, car and cargo mix before.

M/S Galaxy which is larger in capacity operates in the Turku-Stockholm route instead of M/S Silja Festival.

Due to the scheduled docking M/S Silja Serenade did not operate 8 days in November 2008.

ESTONIA-FINLAND

Since April 2008 the second Tallink Shuttle vessel Superstar operates between Tallinn and Helsinki.

New cruise ferry M/S Baltic Princess has replaced the 2006 built M/S Galaxy which moved to Turku-Stockholm operations.

From September 2008 the Superfast vessels are not doing the daily Tallinn-Helsinki roundtrip any more.

LATVIA-SWEDEN

M/S Silja Festival which is larger in capacity has replaced M/S Vana Tallinn.

FINLAND-GERMANY

The operations in the route are continued with the two vessels instead of three as Superfast IX has stopped from September 2008 and is employed in the long-term charter.

The traffic results were affected by the increased competition in cargo transportation.
